Hello Dear Members,

Our July gathering at Sadhu Vaswani Center for "*Khana Pakana Khazana*" session was truly

amazing. Like a musical maestro, Kusum Tapria and Vijayalaxmi Birla had successfully mesmerized one and all with the way they prepared the dishes, without even once looking at the recipe handout and with their meticulous details at each and every step. Next our another talented member, Henna Aswani demonstrated the Lucknowi chaat which was another mouth watering dish. We thoroughly enjoyed learning from them. On behalf of Iwa, we thank these three ladies for their time and effort in imparting with us some of their culinary art.

After all these preparations and learning, the Grand Finale was when everyone present got to eat these delicacies for lunch as well as receiving the handouts for the recipes demonstrated.

Birthdays:

Our sincere and heartiest birthday wishes are with Kavita Mahtani, Lovely Walia, Ritu Sudan and Sukhdev Kaur whose birthdays fall in this month (August) May God grant you all with abundant blessings.

About our next meeting:

Dear Members, our next gathering of Iwa brings forth one topic that we all need to learn at this time and situation in order to promote good health and that is “Stress Management” . Many of us have busy schedules and doing multiple duties between work, family, social needs, etc., and all these activities involved interacting with people. In my own viewpoint, if we all exercise patience in our dealings, then we will be less stressful and thus the vibrations we radiate will benefit all those around us, however let us hear more from our very own Dr Harsha Mehta who has constantly been updating us on several important health issues. Dr Harsha is a consulting Homoeopath and is also currently practicing at her residence in Kedoya Apartments.

Triple celebrations come in the form of our “Indonesian and Indian Independence day” which fall in this month of August and Raksha Bandhan. Dear members, we will be having a short celebration honouring our respective countries by singing our National Anthems and patriotic songs. And the attire for that morning is the Indian flag tri-colours: Orange, Green and White. Please try not to miss this important gathering and do bring along your friends and family and share with them the useful information to be derived from this session. Kindly take note of the meeting details as follows:
